HAND-BUILDING

BEGINNER & INTERMEDIATE

Our hand-building classes are relaxed and engaging. A perfect activity for a celebratory afternoon. With time to chat, see your friends and create something with your hands.

Great for beginners as well as those with some clay experience. You'll be guided through the meditative process of hand-building with clay. This class can be structured with a particular outcome, or free form, depending on what you and your guests would like to do.

In this session you can complete forms like vases, mugs, bowls or plates. Alternatively you can create more sculptural work and free form objects.

Hand-building classes are generally a little cleaner, and make a great option if you're planning to go out afterwards.

WHEEL THROWING

BEGINNER BASICS

Discover the pottery wheel. With a focus on centring and creating cylindrical forms. You'll be shown the basics of wheel throwing. Wheel classes are exciting, challenging and messy. Prepare to get your hands dirty & and your clothes a little muddy.

Please note, we can't guarantee results in a single session of wheel throwing. We focus this class on having fun & a great experience. Pottery is a life long skill that takes time and practice to master, but we know you'll be hooked!

This class can be quite messy, prepare to get muddy as we learn to sling pots on the wheel.

INTERMEDIATE FOCUS

A class for those with previous wheel experience. Chat with our team about particular areas you're seeking to learn about and we will design a class just for you.

**We're here to create
